## **PROLIFICS DEMONSTRATES COMMITMENT TO SKILLS AS FIRST TO ACHIEVE IBM AAA ACCREDITATION FOR TIVOLI ACCESS MANAGER FOR ENTERPRISE SINGLE SIGN-ON AND ONE OF THE FIRST TO OBTAIN IBM CLOUD COMPUTING ARCHITECTURE CERTIFICATION**

**NEW YORK, New York – June 1st, 2010** – Prolifics, the largest end-to-end systems integrator specializing in IBM technologies, today announced that as of June 1st, it is the first and only IBM Business Partner to achieve the IBM AAA Accreditation in Tivoli Access Manager for Enterprise Single Sign-On (TAM ESSO) and is also one of the first to achieve the IBM Cloud Computing Architecture Certification. Prolifics values the continual development of its skills and technical excellence in order to provide the best quality of service to its customers throughout the world.

With IBM Tivoli Access Manager for Enterprise Single Sign-On, Prolifics can help organizations reduce costs, strengthen security, improve productivity and address compliance requirements. It enables visibility into user activity, control over access to business assets, and automation of the sign-on process. Prolifics helps customers deliver single sign-on capabilities which can help reduce IT Help Desk costs by 35-45%, improve user satisfaction and productivity, reduce audit tracking costs by 75% and improve identity assurance.

The new IBM Cloud Computing Architecture Certification acknowledges that Prolifics has mastered design skills for public and private cloud computing solutions based on IBM technology. As part of the certification program, Prolifics can best assist its customers by taking advantage of a new IBM cloud business adoption guide which helps evaluate a customer's infrastructure and software portfolio. With this certification, Prolifics has demonstrated necessary skills to provide custom technology roadmaps, risk assessments, ROI and best practices - all key requirements for migrating a company to cloud-based computing.

"Prolifics continues to demonstrate its commitment to servicing its customers' needs via new skills with the very best tools and resources IBM has to offer to build, market, and sell tailored solutions," said Sandy Carter, Vice President, IBM Software Business Partners. "Our clients' success often starts with partners like Prolifics as the first point of contact. These new resources can help Prolifics fuel innovation and accelerate smarter planet projects with their clients."

### **About Prolifics**

Founded in 1978, Prolifics is the largest systems integrator specializing in IBM technologies, having garnered awards for technical excellence across IBM's entire software portfolio. A Premier Level IBM Business Partner, Prolifics provides expert services including architectural advisement, design, development, and deployment of end-to-end SOA and Portal solutions.
