PROLIFICS TEAMS WITH VICOM FOR TOTAL END-TO-END SOLUTION.

NEW YORK, New York – April 25, 2007 – Prolifics, a worldwide provider of IBM WebSphere, Portal, SOA, Security and Business Integration solutions, today announced that it has entered into a business partnership with Vicom Computer Services, Inc, a leading hardware and software vendor providing hardware procurement, infrastructure support, hardware installation services, SAN design and implementation, server and storage consolidation initiatives and network design.

“We form a powerful team,” said Nicolas Jabbour, CEO of Prolifics. “With the coming together of two highly reputable and skilled IBM Business Partners, we offer our customers a trusted single vendor solution that provides end-to-end expertise, the most competitive rates and ease of procurement.”

Bob Verola, CEO of Vicom added, “Together we further our respective missions to provide the highest standards of software and hardware services to our clients. This partnership will also present a higher efficiency in acquisition and delivery of services.”

About Prolifics

As 1 of 3 WebSphere Service Providers retained by IBM, Prolifics' Certified Consultants are top-ranked by IBM in delivering WebSphere, Portal, SOA, Security and Business Integration solutions to Fortune 2000 companies around the globe. Since 1978, Prolifics has leveraged best practices, proven methodologies, and real-world expertise to help organizations reach new markets, achieve increased customer satisfaction and ease collaboration within their enterprise. Recognized for its excellence, Prolifics has gained an industry-high 96% success rate for deploying robust systems on-time and on-budget (independent survey by leading analyst firm).
