PROLIFICS IS FIRST IBM BUSINESS PARTNER TO ACHIEVE AAA LEVEL ACCREDITATION FOR ALL IBM TIVOLI SECURITY SOLUTIONS

NEW YORK, New York – November 8th, 2010 – Prolifics, the largest end-to-end systems integrator specializing in IBM technologies, today announced that as of November 5th, it is the first IBM Business Partner to achieve the IBM AAA accreditation for all IBM Tivoli Security Solutions. Prolifics, who values continued development of its skills and technical excellence, earlier this year, was also the first to achieve AAA accreditation in Tivoli Access Manager for Enterprise Single Sign-On (TAM ESSO).

With IBM Tivoli Security Solutions, Prolifics can help customers with end-to-end, policy-based, access control security solutions for enterprise applications featuring Web-based single sign-on and distributed administration; provide simple, loosely-coupled models for managing identity and access to resources that span companies or security domains; and provide secure, automated and policy-based user management solutions that help effectively manage user accounts, access permissions and passwords from creation to termination across the IT environment.

Prolifics latest security success story is with Tampa General Hospital where Prolifics used Tivoli Identity Manager to integrate with the hospital's human resource records and automatically provide role-defined access to appropriate administrative and clinical applications for its employees according to HIPAA standards.

"It is clear that Prolifics is dedicated to servicing its customers' needs by its commitment to the acquisition of new skills, leveraging the best tools and resources IBM has to offer to educate, build, and sell tailored solutions," said Marti Lombardi of IBM Tivoli Technical Business Partner Enablement. "These comprehensive security resources will help Prolifics fuel innovation and accelerate smarter planet projects with their clients."

Joseph C Scotti Jr, Tivoli Channel Sales Manager, stated "Prolifics has consistently demonstrated both technical and sales competency across the IBM Security portfolio and has been instrumental in key customer successes for the IBM Corporation. Their AAA accreditation is a testament of this dedication."

About Prolifics

Founded in 1978, Prolifics is the largest systems integrator specializing in IBM technologies, having garnered awards for technical excellence across IBM's entire software portfolio. A Premier Level IBM Business Partner, Prolifics provides expert services including architectural advisement, design, development, and deployment of end-to-end SOA and Portal solutions.
