

# PROLIFICS BUSINESS SOLUTION: A FULLY INTEGRATED APPLICATION

## Business Scenario:

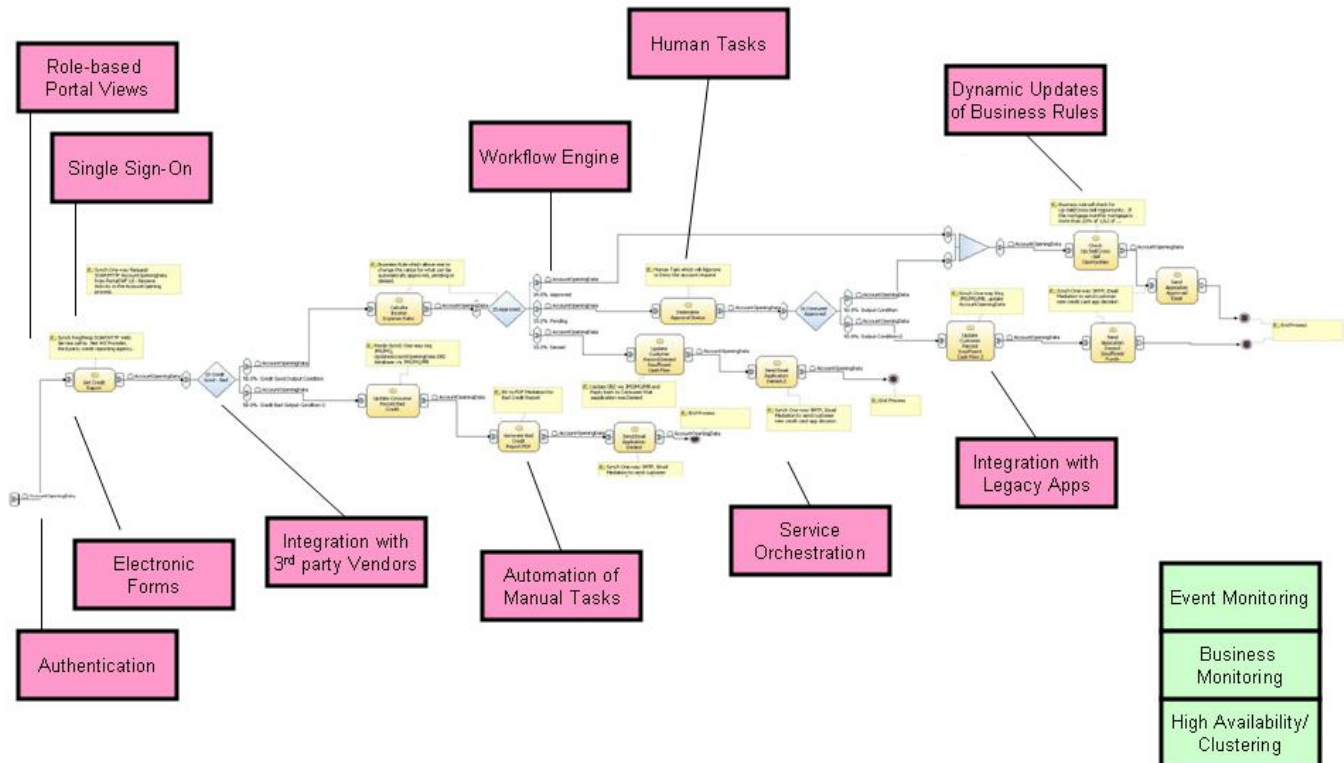

Organizations across all industries are undergoing changes with mergers, acquisitions, competition, lower ROI and state and federal compliances. In seeking to improve processes to realize greater earnings, a fully integrated solution including role-based views, a robust security model, electronic forms processing, compliance reporting and complex workflow becomes essential.

## Prolifics' Solution:

A fully integrated and secure service oriented architecture (SOA) using WebSphere Process Server, WebSphere ESB, WebSphere Message Broker, WebSphere MQ, Workplace Forms, WebSphere Portal and Tivoli Access Manager.

## Key Benefits:

- ◆ Personalized, unified view into the enterprise
- ◆ Electronic forms and integrated forms processing
- ◆ Authentication and single sign-on
- ◆ Integration with partners and legacy systems
- ◆ Complex workflow engine and service orchestration

**Prolifics**

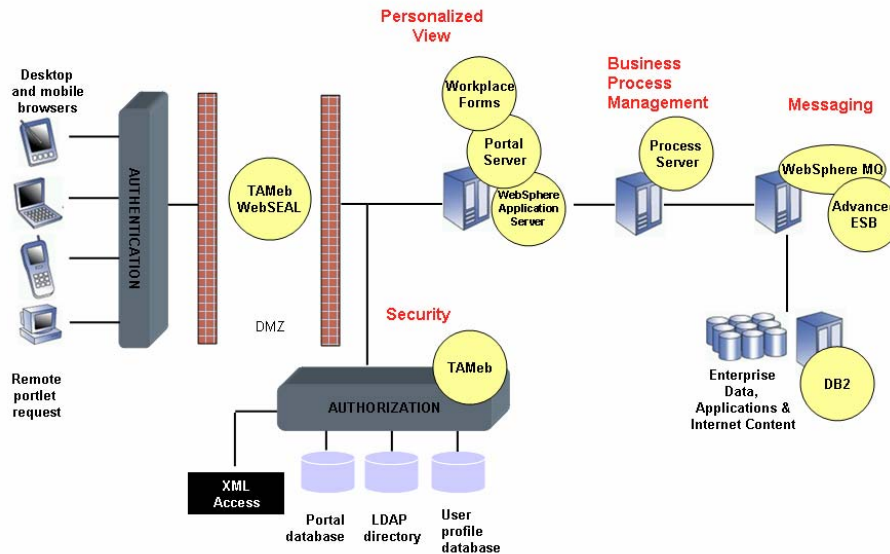

SOLVING BUSINESS PROBLEMS WITH TECHNOLOGY SOLUTIONS SINCE 1978

# A FULLY INTEGRATED APPLICATION

## Architecture:

The fully integrated solution showcases the following integrated technologies:

- ◆ WebSphere Process Server v6 for business processing and integration
- ◆ Workplace Forms v2.6 for electronic forms processing and digital signatures
- ◆ WebSphere Portal v5.1 for a unified view of your enterprise assets
- ◆ WebSphere ESB v6 for message transformation and routing
- ◆ WebSphere MQ v6 and Message Broker v6 for integration with external systems
- ◆ Tivoli Access Manager for e-business v6 for authentication, authorization and single sign-on

## About Prolifics

Prolifics, a provider of WebSphere, Portal, Security and Business Integration solutions, has been solving business problems with technology solutions since 1978.

- ◆ *Our methodology* enables customers to leverage current IT investments while transforming their business into an open and adaptable e-infrastructure.
- ◆ *Our philosophy* is to partner with our customers, bringing dedicated attention to the project in order to deliver high-value, total solutions.
- ◆ *Our certified consultants*, selected by IBM as 1 of only 3 retained WebSphere Service Providers, assist in all aspects of the full project lifecycle including architectural advisement, development through deployment, administration and training.

Specializing in WebSphere Portal implementations, Prolifics has serviced over 80 portal projects in the past 3 years.

## Discovery Call:

To uncover more about this fully integrated application and to speak to a senior-level Solution Specialist, we recommend a no-obligation Discovery Call. This 30 - 60 minute call will review this framework and provide expert advice to help you map out an SOA strategy for moving your project forward
